Leaders in BIM Solutions:

At NexgenCAD, we lead the way in BIM technology, offering complete solutions that enable engineers, architects, and construction specialists to optimize workflows and attain previously unheard-of levels of efficiency.

A Commitment to Excellence:

Our commitment goes beyond delivering software solutions. We are dedicated to fostering a culture of excellence, continuous improvement, and collaboration within the AEC (Architecture, Engineering, and Construction) industry.

What Sets Us Apart

Celebrating **13** Years of Success

Innovative Technology:

Discover the most recent developments in BIM technology with our cutting-edge offerings. We optimize the construction lifecycle by utilizing state-of-the-art systems to improve data administration, coordination, and visualization of projects.

Collaborative Approach:

Use our BIM solutions to discover the power of teamwork. To ensure a cohesive and effective project delivery, we think it is important to dismantle organizational silos and promote open communication amongst project stakeholders.

Our Vision

Celebrating 13 Years of Success

Our goal as a BIM company is to revolutionize the construction industry with the use of innovative technologies and collaborative processes. We envision a future where BIM serves as the basis for all construction projects, promoting efficiency, sustainability, and excellence in design and execution. By maintaining a constant focus on quality, accuracy, and customer satisfaction, we aim to establish new standards for BIM implementation, enabling our clients to achieve their goals with confidence and clarity.

Our Mission

Celebrating 13 Years of Success

Our mission is to enable the construction industry with innovative Building Information Modeling (BIM) solutions that promote collaboration and streamline workflows, resulting in more sustainable projects with enhanced performance.

- Empower clients with powerful BIM solutions.
- Promote innovation in construction processes.
- Encourage seamless collaboration amongst stakeholders.
- Promote sustainable design concepts.
- Maintain excellence in all project endeavors.
- We utilize BIM to build smarter.
- Our BIM expertise improves construction projects.
- Pursue excellence in all aspects of our job.

Team Structure & Roles

**MARKETING
DIRECTOR**
Frederick Lewis
(Project Engineer)

**MANAGING
DIRECTOR**
Pratik Pitroda
(Electrical
Engineering)

**Bhavin Shah,
BIM Manager**
Architecture, Structure
(Civil Engineer)
17 Years of experience

**Bhavesh Patel,
BIM Manager**
MEP, Structure
(Mechanical Engineer)
15 Years experience

Harsh Shah
BIM-Coordinator QA/QC
(Architecture & Structure)
8 Years of experience

Ulaveesh Mattigoda
BIM-Coordinator QA/QC
(MEP)
5 Years of experience

Dharmendra Patel
Architecture & Structure BIM Modeler
(Civil Eng.) 6 years of experience

Jay Shah
Architecture & Structure BIM Modeler
(Civil Eng.) 6 years of experience

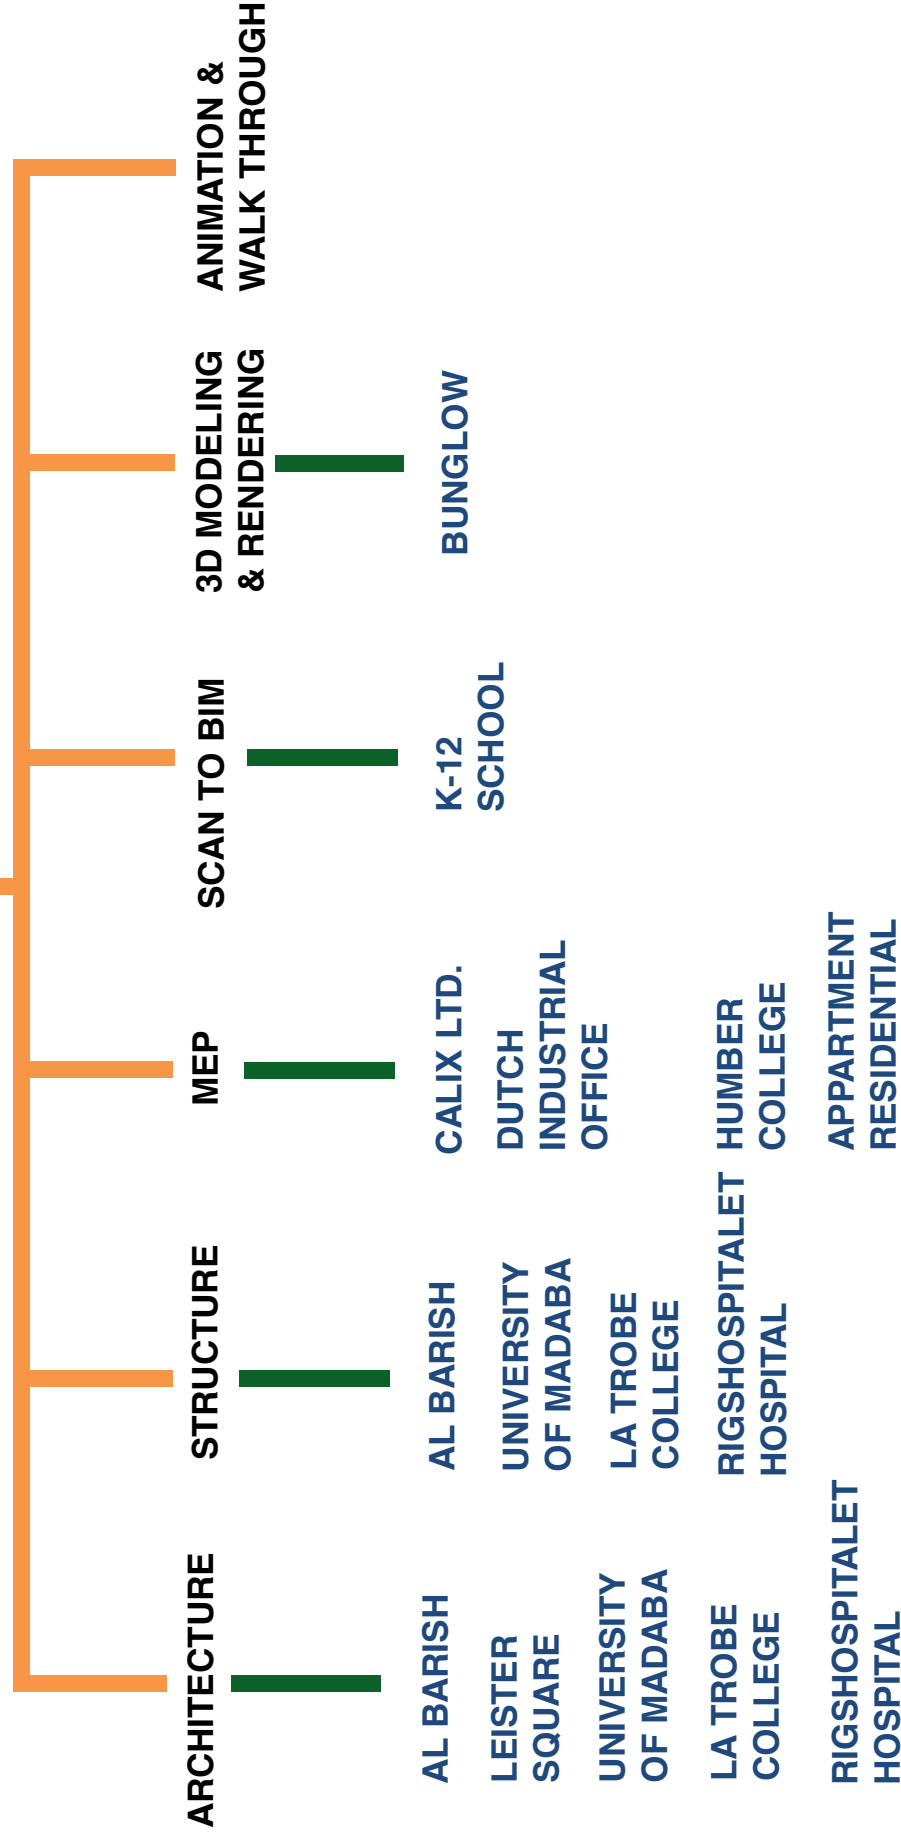

Rahul Mistry
Architecture & Structure BIM Modeler
(Civil Eng.) 4 years of experience

Ishwar Deepak
MEP BIM Modeler
(Mech. Eng.) 3 years of experience

Vittal Pongale
MEP BIM Modeler
(Mech. Eng.) 3 years of experience

Hashmukh Patel
MEP BIM Modeler
(Electrical Eng.) 3 years of experience
